

WELCOME TO THE IMAGINATION OUTPOST!

The Ultimate Holiday Headquarters for Messy Magic & Wild Adventures!

Dear Parents,

The July holidays are officially here, and we are transforming Little Red Hen into the ultimate basecamp for 16 action-packed days of crafting, creating, and chaotic-good fun! If your kids are ready to unleash their inner wild things, they have come to the right place. Here is the top-secret intel for our upcoming missions:

 **Headquarters:** Little Red Hen
 **Mission Dates:** 29th June to 20th July
(N.B. We rest our superhero capes on weekends & Public Holidays!)
 **Operation Hours:** 7:00 AM to 5:00 PM Daily

⚠ THE DIRT WARNING ⚠

Expect your children to come home dirty! We actively encourage getting messy, splashing around on warm days, and diving hands-first into our activities. The weather also loves to keep us guessing with crazy temperature changes throughout the day, so being prepared is key.

The Survival Kit (Pack Daily)

Fuel: Lunchbox with **MORNING & AFTERNOON** snacks, plus a water bottle!
Backup Gear: Change of clothes (warm and cool layers, short sleeves), plus extra pants, shirts, and undies.

This club is jam-packed with daily free-drawing, tasty treats, and epic planned missions. On super cold or rainy days, we immediately pivot to high-energy indoor games! Feel free to chat with me at the gate during morning drop-off if you have any dietary or medical updates I need to be aware of.

Regards,
Bronwen, Chief Commander of Fun

Week 1: The Safari Survival Squad

Get ready to unleash your inner wild thing! We're building epic cardboard survival forts, stomping around in homemade animal masks, and splashing through crazy bucket relays. Do you have what it takes to conquer the ultimate jumping, crawling obstacle course?

Week 2: The Block & Bubble Brigade

It's time for maximum messy magic! Grab your hard hats for bonkers block building, dive into bouncy balloon volleyball, and shake up a storm with DIY instruments. We're chasing, popping, and blowing wildly colorful bubbles right onto our pages!

Week 3: The Melt & Marvel Mission

Calling all junior scientists! Grab your magnifying glasses for an icy rescue mission. We're melting frozen traps, chasing sneaky shadows, testing what sinks, and wrapping it all up with an epic, game-filled outdoor carnival extravaganza!

Day 16: The Grand Finale Fiesta!

Crank the music for the ultimate freeze-dance and free-play party!
